

## WE ARE OPEN & WELCOME YOU BACK

February 17, 2021

To our valued guests,

Following the notification on February 13, 2021, that a member of our team tested positive for Covid-19, and knowing UFC was scheduled the same night, we proactively decided to temporarily close the restaurant out of an abundance of caution for our guests and team members' safety and well-being.

Interior Health Authority has confirmed there was no risk of exposure to any of our guests, and we are happy to confirm our team member is feeling well.

We understand dining out is a different experience right now, and we can assure you that your health and safety will always be our highest priority. To ensure guests can dine with absolute confidence we have elevated our high standard of hygiene and cleanliness procedures as part of our **Shark Club PureClean** program.

We welcome you back and look forward to seeing you soon!

Sincerely,

Vadym Nosov,  
General Manager  
Shark Club Sports Bar & Grill
